PROFILE

Lighting is the pivotal factor in creating the perfect ambience for any setting. By influencing and controlling different types of lighting, the mood of a room can change from calm and romantic, to energising and vibrant.

At Million Lighting, we stretch the possibilities of lighting to a different level. By combining creativity and technology, we introduce cutting-edge customised lighting designs that raise lighting to a true art form, while never compromising function. By doing so, we have created a wide spectrum of diverse ambiances for the region's most high-profile institutions and corporations, award-winning hotels, world-renowned entertainment and leisure parks, as well as private residences.

As a pioneer of the lighting industry in Singapore, Million Lighting brings to the table four decades of illuminating trends and innovations. Being one of Singapore's leading lighting companies, Million Lighting has distinguished itself as a provider of high-quality, innovative holistic lighting solutions, for discerning developers, architects and interior designers.

At Million Lighting, we understand the power of lighting in influencing mood, textures and overall well-being. The concept of space and influencing spatial perceptions form the basis of our creations. We take pride in providing a comprehensive suite of services, from retail and distribution, to decorative lighting customisation and technical support. Our team of lighting designers, engineers and product specialists brings in-depth knowledge and vast experience to every project as well as steadfast commitment to quality, innovative design, technical excellence and dedicated after-sales support.

Bearing testimony to our accomplishments is an extensive portfolio of high-profile projects undertaken locally and internationally, spanning exterior work on facades and landscaping, as well as interior work for residential, commercial and mixed-use properties.

LEADERSHIP

ALICE CHUA
CHAIRMAN

As one of the founders of Million, Alice was a key figure in the company's rise to the position of leading lighting specialist in Singapore and the region. In her capacity as Managing Director, she continues to lead with quiet strength. She is a mentor to the next generation of leaders, imparting the lessons of over 40 years of experience, and instilling Million's bedrock values of trust and integrity.

EDWIN CHUA
CHIEF EXECUTIVE OFFICER

A graduate of Boston University, USA with a degree in Business Administration, Edwin has more than 10 years of experience in the lighting industry. Having always taken an active interest in the business, he joined Million in 1995. Displaying a sharp mind, good business acumen and technical understanding, he helms all aspects of the business, from project management to retail, manufacturing and finances.

NANA-AU CHUA
CHIEF OPERATING OFFICER

A graduate of Boston University, USA with a degree in Biology and Business Administration, Nana worked as a banker with Hong Leong Finance and Bank of America before joining her husband, Edwin, at Million in 1999. Responsible for business development in Singapore and the region, she has been instrumental in realising Million's potential to meet the lighting needs of contemporary architects, whose styles veer towards sleek simplicity. Her ability to forge strong client relationships and identify emerging trends has helped cement Million's position as a relevant force in the industry.

CHRISTINE CHUA
DIRECTOR

After graduating from the National University of Singapore with a degree in Business Administration, Christine worked for a year at container shipping and logistics service company Orient Overseas Container Line. She subsequently joined Million in 1993, first taking on an administration role, and then moving into the domain of retail sales. Today, Christine is responsible for local procurement as well as managing high-end residential project-based sales while taking care of Million's regular clients.

STEVEN CHUA
DIRECTOR OF BUSINESS
DEVELOPMENT

Armed with a Master of Architecture degree from Columbia University, Steven practised as an architect in New York for several years. He went on to graduate with an MBA from the University of Chicago, and worked as a consultant for Fox Searchlight Pictures in Los Angeles for three years, where he played an integral role in numerous film acquisition and distribution deals. He subsequently joined Microsoft's Media & Entertainment Group, where he developed long-term strategy and evaluated multimillion-dollar digital video licensing deals.

In mid-2010, Steven joined the family business as Director of Business Development, dividing his time between Singapore and the US where he is focused on opening up new avenues of opportunity. He currently manages the company's global accounts.

A room is like a stage.
If you see it without lighting,
it can be the coldest place
in the world.

Paul Lynde

COMPETITIVE ADVANTAGE

A 5-pronged approach underscores our comprehensive services to ensure that our lighting solutions meet client expectations. The team is well-placed to work alongside architects and interior designers to define lighting solutions that deliver from the onset. In addition, we deploy our technical team onsite, locally or overseas, to review site requirements and resolve installation issues if the need arises.

INTEGRATION

From architectural meshes to customising fixture housings to innovative cable routing, we provide lighting solutions that blend seamlessly with any design.

CONTROL SOLUTIONS

Different projects have different lighting needs. Our team of professionals will advise you on control solutions ranging from simple dimming with colour changes to video-like effects, offering a flexibility that enables us to meet almost any lighting effect requirement.

CUSTOMISATION

From lighting fixtures to complex decorative and architectural lighting schemes, we provide custom design and manufacturing for individual projects upon request.

SCALABILITY

Coordinated lighting effects on building facades or spanning across interiors that cover extremely large spaces, our customised solutions have been well-received.

APPROACHABILITY

Our involvement can take any shape, at any stage of your project.

MANUFACTURING FACILITY & RESOURCE NETWORKS

Manufacturing is conducted at our well-equipped facility in China, where fabrication is carried out to the exacting standards and precision demanded by our in-house quality control teams.

Over the years, we have also established a wide resource network across the global arena to provide a complete range of materials and fittings.

EXTERIOR

FACADE & LANDSCAPE LIGHTING

Facade and landscape lightings are key components that form the overall appearance of a development.

These lightings not only highlight the special features of the architecture, they also help turn buildings into iconic landmarks that blend into the cityscape.

CARLTON CITY HOTEL, SINGAPORE

Carlton City is the second property of the Carlton brand. It exudes newness throughout, from its art decorated foyer walls to the exquisitely crafted interiors and facade lighting. Experience the best of the new in the Tanjong Pagar district, one of Singapore's most exciting historical neighbourhoods. Carlton City is finely attuned to the needs of well-travelled guests who have a taste for style and comfort.
